For rental property or land, provide a complete address. Provide full names of stocks and mutual funds (do not use ticker symbols). For all IRAs and other retirement plans (such as 401(k) plans) that are self directed (i.e., plans in which you have the power, even if not exercised, to select the specific investments), provide the value and income information on each asset in the account that exceeds the reporting threshold. For retirement plans that are not self-directed, name the institution holding the account and its value at the end of the reporting period. For an active business that is not publicly traded, state the name of the business, the nature of its activities, and its geographic location in Block A. For additional information, see the instruction booklet. If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC) or is jointly held (JT), in the optional column on the far left. If an asset was sold and is included only because it is generated income, the value should be "None."	BLOCK C <b>Type of Income</b> Check all columns that apply. For retirement plans or accounts that do not allow you to choose specific investments, you may write "NA". For all other assets including all IRAs, indicate the type of income by checking the appropriate box below. Dividends and interest, even if reinvested, should be listed as income. Check "None" if asset did not generate any income during the calendar year. The Death Benefit will be calculated on all contracts associated with this client the day we receive the certified death certificate. Once the Death Benefit is calculated, the benefit amount remains invested and is subject to market fluctuation until complete settlement instructions are received. Once you reach age 70½ you're required to begin taking minimum withdrawals from at least one of your IRAs--here or elsewhere--whether or not you need the income. If you're taking distributions elsewhere because you *have to*, ask your Investment Representative about opportunities with The Hartford, including reinvesting in a child's or grandchild's college savings plan, another annuity, or a taxable mutual fund.
